Dog vaccination is supremely crucial as it helps prepare their immune system to defend itself from invasion of any disease-causing organism. While most of the pets are vaccinated by their parents, street dogs are left out and susceptible to diseases. These diseases are at times fatal too. Hence, Street Cause PAW is on a mission to vaccinate a multitude of street dogs across Hyderabad in various localities. As a part of this massive vaccination drive, we have successfully given 7-in-1 vaccinations to 15 puppies in the area of Madhapur after vigilantly surveying the area. A week before vaccinating, the puppies were dewormed thoroughly.

**Task Summary:**

Access to water is a basic necessity that has to be availed by every living organism. While we do have our own resources, the strays on our streets do not have so. Especially the scorching summers makes it even more difficult for the poor strays. Most of the animals get dehydrated and become weak. To address this issue, Street Cause PAW has decided to distribute good quality water bowls across various areas in the city of Hyderabad. To do so, a survey form was circulated 2 months ago, based on which a physical survey was also done to analyze if the water bowl would fetch the thirst of a good number of animals if installed accordingly. Subsequently, as a part of phase 1 of the "Water Bowl Project", a total of 7 the water bowls were distributed and installed in the areas of Moula Ali, Tarnaka, Nagole, LB Nagar, Mehdiapatnam and Attapur. Street Cause PAW thanks all the localites for being of great help throughout the process. **TEAM NAME:** Shiksha-Yojana

**GOAL NAME:** Quality Education

**PROJECT NUMBER:** 2

**PROJECT NAME:** Washroom Re-construction

**LOCATION:** ZPHS Jhally, Channaraopet Mandal, Warangal

**EVENT SYNOPSIS:**

Clean and safe washrooms are not a luxury but a necessity. Every individual specially women should have access to hygienic washrooms regardless of their area of work. It is a known fact that majority of the girls drop out of schools in the backward areas due to the lack of washroom facilities in the school.

On surveying a school in Warangal we found that the condition of the washrooms was extremely poor and felt the need to renovate them in order to provide hazard-free environment to the students of the school. When the students are provided with basic needs the ratio of the students who attend the schools will definitely be more thus, ensuring them quality education.
